WHO THEY ARE:

Venice Family Clinic's mission is to provide quality primary health care to people in need. Launched in 1970 by volunteer physicians Philip Rossman, MD, founder, and Mayer B. Davidson, MD, co-founder, Venice Family Clinic first operated in space borrowed from a small, store-front dental office after normal business hours. There was—and remains—a tremendous unmet need for affordable health care for those who live in poverty.

Today, with twelve sites, Venice Family Clinic is the medical home for people who might otherwise go without critically needed health care services.

LATLC has been proud to partner with Venice Family Clinic for more than four years.
